# The World's Finest Boats Are Built In Nashville, Georgia

When you're shopping for a new boat, performance, price, quality and style certainly impact your decision. Equally important is the name on the hull side. Respected as a marine industry leader, Chaparral is a name you can trust. Always has been. Ever been to Nashville, Georgia? With Chaparral as its nerve center and largest employer, the city is alive, steeped with heritage and proud of its status as a leading marine manufacturer. In the last half century boat building has changed dramatically. Computerized routers, space age materials and amazing electronics make today's pleasure boats a technological marvel. However, while much has changed, much is still the same. Whether it was built in 1965 or 2014, every Chaparral is truly a labor of love. Most of the process is still done by hand by expert craftsmen that take personal pride in every boat they build. People make the difference. Chaparral has the best and most experienced boat builders in the industry. It all starts at the top. President Jim Lane and Founder Buck Pegg have steered a steady ship from day one. No other management duo in the marine industry has more experience. Both are hands on every step of the way. A culture that focuses on innovation, quality manufacturing and excellence in customer service is led by an experienced and forward thinking senior management team. While management leads the way, the real heartbeat of Chaparral is a team of employees that have taken boat building to new levels of excellence. Many have fine-tuned their craft for more than 10, 20 or even 30 years. Boat building is in their blood. Chaparral has nearly 1,200,000 square feet under roof spanning more than 150 acres. Centering our entire operation in Nashville, Georgia allows us to maintain the highest Quality Control standards. So how does Chaparral rate? At the top. Chaparral has won an unmatched 45 awards for product excellence, 12 Boat of the Year Awards, the NMMA Innovation Award and several JD Power & Associates awards. We complement our award winning boats with customer service to match. Chaparral has earned the NMMA CSI Award for Excellence In Customer Satisfaction six years in a row. We invite you to get onboard...Chaparral is truly Leading By Design.

# *Innovation* SETS CHAPARRAL APART

**YOU'VE NEVER SEEN ANYTHING  
LIKE A CHAPARRAL.**

We never settle for me-too. Pull up on the launch ramp or into a crowded marina and you won't find another boat with Chaparral's lines, styling and feeling of quality. Evidence the innovative and eye-catching Powerline™ hull contours in our newest SSX offerings. Or the Wide Tech™ bow styling in our SSI, Sunesta and Xtreme models. No matter which model you select, the look is bold, sleek, seaworthy and uniquely Chaparral.

## **MULTI-PURPOSE TAKES ON A NEW MEANING**

From the new dual angle U-Slide lounge offered on our Sunestas and Xtremes, to the multi-position sun/chaise lounge on our SSI offerings, to the adjustable aft seats on all of our SSX Series offerings, Chaparral's interiors are designed to open all kinds of possibilities.

## **THE PERFECT LAUNCHING PAD**

All of our sport boats feature an integrated swim platform. View the seamless styling. Mounted close to the water, our platforms make it easy to move in and out of the water. A three step telescopic boarding ladder with a top rung grab handle mounts in its own compartment.

## **ALL NEW HELM DESIGNS FOR 2014**

All new for 2014, our SSI, Sunesta and Xtreme sport boats all feature Chaparral's next generation in helm design. Elegant, classy and eye-catching, the fiberglass helm and side panels are vinyl wrapped with detailed top stitching that is similar to the world's ultimate luxury automobiles. The accessory panels have illuminated Power On rocker switches with water-resistant breakers instead of fuses. Digital instrumentation features fog-resistant lenses with stainless steel bezels. There's room on the dash for Garmin electronics. A polished spoke steering wheel is standard with leather upgrades available. Finally, a stereo remote is standard.

# Go IN STYLE

## 206 SSI

If you prefer to stay in the 20-foot range but insist on premier quality and style, there isn't a boat that compares to the 206 SSI. We didn't take any shortcuts inside or out. The 206 features the best Chaparral has to offer including heavy-duty stainless steel hardware, plush upholstery, a new vinyl wrapped helm and Kevlar® construction. Want to add some value-minded extras? Check out our new Preferred, Deluxe or Elite option packages. Options like a wakeboard tower, Garmin GPS, bowrider filler cushion and snap-in carpet add a custom touch.

# Remarkable IN SO MANY DIFFERENT WAYS

## 327 SSX

Perhaps the most talked-about boat on the waterways, the amazing 327 SSX mixes bowrider roominess with a full-beam cabin. Equal parts family bowrider, performance-minded sport boat and overnight cruiser, the 327 was the NMMA's Innovation Award winner the year it was christened. With its standard fiberglass hard top, striking interior accents, dual forward facing helm seats and wildly practical full beam cabin, the 327 is one-of-a-kind. A stainless steel windshield and heavy-duty rails say quality in every detail.

## 327 SSX

The first ever bowrider with a patented full beam cabin, the 327 provides the perfect retreat from the sun or overnight accommodations for weekend getaways. A full fiberglass liner allows easy maintenance. The look is clean and open, the fit and finish amazing. An optional air conditioner and a generator create year round climate control. Vents on the dash help keep the cockpit cool. A stainless steel microwave is optional as are wood blinds. Portlights (fixed standard and opening optional) create a window to the world.

### FULL BEAM CABIN

The backrest cushion and seat base slide out to create a comfortable overnight berth. All cabin fabrics are Scotchguard treated.

### ENTERTAINMENT CENTER

An optional 26" LED HD flat screen television mounts in a custom cabinet and is viewable from the couch/berth.

### HINGED CABINETS

A hanging closet keeps wrinkles at bay. Onboard electrical systems are easy to activate via a handy cabin compartment.

### CABIN SEATING

Plush ultra-leather upholstery looks good and feels even better. Inset lights and portlights keep the cabin feeling open and bright.

### ENCLOSED HEAD

The head offers best-in-class headroom, 12-volt lighting and a VacuFlush system complete with a holding tank and china bowl.

## 204 XTREME

Let's take your new boat search to the Xtreme. We promise no regrets. In fact, everything that makes our Xtreme Series the fastest growing line of wakeboard tow boats gets even more affordable with the 204. No rival in this size range comes close when it gets down to legroom, storage capacity, swim platform design or user-friendly ergonomics. Swivel bucket seats offer much easier observation aft than a head-twisting side couch. The 204 is a wakeboard marvel with a bottomline sticker price that's even more amazing than the way it performs.

## 224 XTREME

The fact is you won't find a tow boat that can match our 224 Xtreme wake for wake, or, more importantly, feature for feature. Do your own head-to-head comparison. You'll find there is no comparison. So, what the buying decision really should come down to is price. Here's the deal. We equip the 224 Xtreme right with a complete list of standard equipment that includes an electric arch tower then let buyers select from either an ala carte of more than 30 options or our value packed Preferred, Deluxe or Pro Xtreme options packages.
